Glossary

Term	Definition
Swiping	An method popularized by Tinder for determining whether you like or dislike someone. "Swiping left" on an animal's profile indicates that you dislike them, or will not save them for later, while "swiping right" means you like them, or will save them for later.
Profile	An overlay that shows one or more pictures of an animal, as well as other details like age, gender, and a personality description.
Application	A form that a user can fill out to express final interest in the animal, and their intent to adopt. The profile owner will look at all applications and choose a suitable owner.
User	Any person who uses the account, no matter their intent.
Adopter	A user role - one who is seeking to adopt a pet.
Lister	A user role - likely an adoption center worker who lists the animals available.
